

How to use your IQOS

1. TURN ON

Press and hold the Pocket Charger Power Button until lights switch on.

2. CHARGE HOLDER

Press Lid Opening Button to open. Insert the Holder into the Pocket Charger, then close the Lid to charge. Fully charged when Holder Battery Status Light is solid white.

3. INSERT HEATSTICK™

Insert and gently press the HeatStick to the line on filter.

4. START HEATING

Press Heating Button until the Holder vibrates and light pulses white.

5. BEGIN USE

Start using once the light is solid white.

6. NEARLY COMPLETE

To signal the last 30 seconds, the Holder will vibrate and the light pulses white.

7. REMOVE HEATSTICK

Slide Cap upward, remove used HeatStick then slide Cap back again. Insert the Holder back in the Pocket Charger to recharge.

TO CLEAN

Slide Cap upward and remove completely. Insert IQOS Cleaning Tool and rotate gently. Clean daily for optimal experience.

Pairing your device

PAIRING MODE

Press the Bluetooth Button for 3 seconds then release. Bluetooth Status light will blink during 30 seconds indicating pairing mode is active. Select pairing on your smartphone.

PAIRED

IQOS is paired with your smartphone when Bluetooth Status light remains solid during 3 seconds.

Quick Tips

TO CHECK BATTERY STATUS

Tap the Pocket Charger Power Button to check battery level.

TO RESET

Simultaneously press the Bluetooth and Pocket Charger Power Buttons for 10 seconds, then release. Pocket Charger Battery Status lights will switch on, then blink twice to confirm a reset.
